

21 December 2015

TECK HIEN ENGINEERING PTE LTD
Block 3015 #01-226 Ubi Road 1
Singapore 408704

Dear Sir,

**PROPOSED NEW PRIMARY SCHOOL AT PUNGGOL SITE 9 – JUNCTION OF
PUNGGOL DRIVE AND PUNGGOL EAST, NEAR KADALOR LRT STATION,
SINGAPORE: WATERWAY NEW PRIMARY SCHOOL**

We would like to show our great appreciation to your staff, Mr Mok Siew Kuan, as the Project Manager of Teck Hien Engineering Pte Ltd in effectively supervising the installation of Plumbing and Sanitary services and to complete the works for the main contractor, BHCC Construction Pte Ltd.

Siew Kuan is able to work as a team with the Project Consultants and BHCC which is an important factor for this fast track project of 13 months period for Waterway Primary School. The completed works allowed Waterway Primary School to commence their operation on 1 December 2015 and to prepare for the new school term on 4 January 2016. His ability and good coordination with the various authorities to obtain the necessary clearances enable us to get the BCA TOP Permit as planned. We are impressed by his familiarization with the statutory procedures which lead to smooth completion of the new services work and utilities connection.

Your staff have also showed no hesitation or lack in sharing his experience and giving advice which help to resolve technical problems promptly during the project meetings and enable work to progress as planned.

The effort by your staff importantly contributes the successful completion of this project.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Max Low JC'.

Max Low JC
